RETROFIT
WITH EASE

Chief's new interactive display mount allows you to install interactive flat panels over pre-existing chalkboards or whiteboards without causing damage, and without sacrificing stability across the display's touch surface. The end result: a professional-looking installation that keeps all original equipment intact while simultaneously providing a positive end-user experience.

ADDITIONAL WBM4E FEATURES:

• Allows installation of XL interactive displays over existing whiteboards

• Integrated macro- and micro-height adjustment, and lateral shift

• Heavy-duty weight capacity of 310 lbs (140.6 kg)

• Mounts to concrete block, brick or wood substrates
